LIC Pension Fund Limited
SCHEME 01: NPS TRUST A/C LIC PENSION FUND SCHEME-CENTRAL GOVERNMENT

Note 8: Background

LIC Pension Fund Limited ('the Company') is appointed as a Pension Fund Manager ('PFM') by the National Pension System Trust ('NPS') for the management of Pension Schemes under the National Pension System. Accordingly, the Company has entered into an Investment Management Agreement ('IMA') with NPS. The Pension Fund Regulatory and Development Authority ('PFRDA') guidelines require each PFM to manage subscribers' funds made available to it by the Trustee bank. However the responsibility of maintaining individual subscribers records is not with PFM and same is managed by the Central Record Keeping Agency (CRA). The CRA does not furnish any subscribers level data to the PFM and provides only consolidated subscribers data of cash inflow for units to be allotted and number of units to be redeemed to PFM. The PFM makes investments as per the requirements of IMA and the scheme wise flow of funds from CRA.

The Central Government had introduced the National Pension System (NPS) with effect from January 1, 2004 (except for armed forces). Pension Fund Regulatory and Development Authority (PFRDA), the regulatory body for NPS, finalized the architecture and appointed NSDL as Central Recordkeeping Agency (CRA), other entities for National Pension System and appointed LICPFL as one of the Fund manager for the Scheme.

In NPS, a government employee contributes towards pension from monthly salary along with matching contribution from the employer. The funds are then invested in earmarked investment schemes through Pension Fund Managers.
